# General Information

- Do not eat or drink anything except plain water for at least 8 hours before your wellness check-up.
  - If you have a pre-existing medical condition, please inform the nurse before you do the check-up
  - If you are taking any medication, please have a list of the medicines with you
  - The packages are available to cash payers and the insured
  - If you are using insurance, make sure that you have a letter of undertaking from the insurance company when you come for your appointment
-
